

WKXW 4th Quarter 2015 ISSUES AND PROGRAMMING REPORTS

Attached is the 4th Quarter Issues/Programming Reports

It is our judgment on the most recent ascertainments, that these are some of the most frequently mentioned community issues and problems:

1. During the 4th Quarter of 2015 WKXW-FM has sought to identify the issues and problems that concern our listeners through contacts with various community leaders, through our on-the-air talk programs and our news reports.
2. Many issues have addressed the concerns of New Jersey Communities. These issues include economic situations, elections, state and local legislation. These are just some of the community concerns addressed through our call-in programs and newscasts.
3. WKXW-FM continues to inform the community through its talk formats addressing New Jersey concerns. We have interviewed State Officials on the telephone to answer questions from our listeners on legislation and other issues that impact life in the Garden State. We have used the station as a sounding board for people of the state to voice their opinions on politics, government, law enforcement and crime, transportation and business concerns, just to name a few.
4. We also aired monthly programs with New Jersey Gov. Chris Christie. Titled "Ask the Governor," the show gives New Jersey residents a chance to voice their concerns to Gov. Christie on a monthly basis. During the 4th quarter, we also held a town hall series on injuries in youth sports.

Issue	Show	Title	Date	Station	Summary	Guests
